Prescription Treatment® brand
ULD® BP-300 Contact Insecticide

For Indoor or Outdoor Application as a space, area or contact spray. Dependent upon insects to be controlled and the area to be treated, this product may be applied through mechanical aerosol or Ultra Low Volume (ULV) cold aerosol generators, as well as thermal and conventional fogging or spraying equipment.

CONTROLS: Angoumois Grain Moths, Ants, Boxelder Bugs, Cadelles, Cheese Mites, Cigarette Beetles, Confused Flour Beetles, Crickets, Earwigs, Fruit Flies, Gnats, Granary Weevils, House Flies, Indianmeal Moths, Mosquitoes, Rice Weevils, Roaches, Spiders, Tobacco Moths, Wasps and Waterbugs

FOR USE IN: Apartments, Cafeterias, Dormitories and Office Buildings, Food Service Storage and Preparation Areas, Grocery and Convenience Stores, Health Care Facilities, Hotels, Motels, Restaurants, Schools and Universities

See page 2 for additional insects and use sites.

ACTIVE INGREDIENTS:
Pyrethrins ................................................................. 3.0%
Piperonyl butoxide, technical* .................................... 6.0%
n-Butyl bicyclohexyl ether (6-propylpiperonyl) ether**... 10.0%

OTHER INGREDIENTS:
Contains Petroleum Distillate
* Consists of 4.8% (butylcarbityl) (6-propylpiperonyl) ether and 1.2% related compounds.
** MGK-264 insecticide Synergist.

TOTAL: 100.0%

EPA Reg. No. 499-450

KEEP OUT OF REACH OF CHILDREN

CAUTION

ULTRA LOW DOSAGE THROUGH MICRON GENERATION

FIRST AID

IF SWALLOWED: Immediately call a poison control center or doctor. Do not induce vomiting unless told to do so by poison control center or doctor. Do not give ANY liquid to the person. Do not give anything by mouth to an unconscious person.

IF ON SKIN OR CLOTHING: Take off contaminated clothing. Rinse skin immediately with plenty of water for 15 - 20 minutes. Call a poison control center or doctor for treatment advice.

IF IN EYES: Hold eyes open and rinse slowly and gently with water for 15 - 20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eyes. Call a poison control center for treatment advice.

Have the product container or label with you when calling a poison control center or doctor or going for treatment. You may also call 1-800-832-HELP for emergency medical treatment information.

NOTE TO PHYSICIAN: Contains petroleum distillate - vomiting may cause aspiration pneumonia.

PHYSICAL AND CHEMICAL HAZARDS
Do not use or store near heat or open flame. Note: Some furniture finishes and particularly plastics can be damaged by petroleum based insecticides. To avoid damage, cover those items and do not spray directly. If in doubt, test by applying this material to an inconspicuous area before spraying.

DIRECTIONS FOR USE

IT IS A VIOLATION OF FEDERAL LAW TO USE THIS PRODUCT IN A MANNER INCONSISTENT WITH ITS LABELING.

Do not apply directly to food. Food should be removed or covered during treatment. Do not apply while food processing is underway. All food processing surfaces and equipment should be covered or washed with an effective cleaning compound follow by a potable water rinse. In the home, all food processing processes, dishes and utensils should be covered during treatment, or thoroughly washed before use.

INDOOR USE, UNDILUTED

AS A SPACE SPRAY - To kill the adult and accessible forms of insect pests* of stored food (stored in multiwall paper bags or in cloth bags) in warehouse, storage rooms and similar locations: Close room or warehouse and shut off all ventilating systems. Use a spray device such as Whitmire Micro-Gen ULV equipment to dispense this product. Use a dosage of 1 fluid ounce of this spray per 1,000 cu ft of room space. Do not remain in treated areas after application and leave room closed for at least 1 hour. Ventilate thoroughly before occupants are allowed to re-enter. Repeat applications as necessary for insect control.

* Among these are the Rice Weevil, Yellow Meal Worm, Cadelle, Confused Flour Beetle, Sawtoothed Grain Beetle, Angoumois Grain Moth, Mediterranean Flour Moth and Indianmeal Moth.

CONTACT AND SPACE SPRAY: Use full strength or dilute as desired according to dilution table listed below and apply through equipment which can deliver a pin-stream spray. Apply the spray into all cracks and crevices in woodwork, walls, floors, undershield bins, behind pipes in and in all places where these insects harbor. Contact as many insects as possible with the spray. Do not allow spray to contact stored food. Then with a mechanical aerosol generator (no droplets over 50 microns in diameter and 80% less than 30 microns) apply this product undiluted at a dosage rate of approximately 1/2 fluid ounce per 1,000 cu ft of room space or when applying diluted product apply at the rate of 1 - 2 fluid ounces per 1,000 cu ft of room space. Do not remain in treated areas after application and leave the room closed for 1 hour. Ventilate the area thoroughly before occupants are allowed to re-enter. Repeat dosage as necessary for control.

NOTE: This specimen label is for informational purposes only. All uses may not be approved in all states. See labeling which accompanied the product for Directions for Use or call 800-777-8570 for more information.
ULD® BP-300

DILUTION
Use a white mineral oil conforming to regulation 21 CFR 178.3620(b) or an odorless light petroleum hydrocarbon conforming to 21 CFR 172.882 or 40 CFR 190.1001 (c) & (e). Combine oil and BP-300 as directed below and mix well.

SPACE SPRAY - For control of flying and crawling insects in establishments operating under the Federal meat, poultry, shell egg grading and egg products inspection programs: Dilute concentrate with a white mineral oil or odorless light petroleum as listed in the dilution chart, at the rate of 1 part concentrate to 2 parts oil, and mix well. Do not apply white food processing is underway. Cover or remove any exposed food. Food processing surfaces and equipment should be covered or washed with an effective cleaning compound followed by a potable water rinse. Close doors and windows and shut off all ventilating equipment prior to application. Using Whitmire Micro-Gen ULD equipment adjusted to deliver aerosol droplets (30 microns or less), apply 1 oz per 1,000 cu ft of space. Leave room closed for 1 hour after application and ventilate thoroughly before occupants are allowed to re-enter. Repeat application as necessary for control.

DEEP VOID CRACK & CREVICE® APPLICATION
To flush and kill insects harbored in deep voids and behind cracks and crevices.

SPOT APPLICATION: With equipment designed for deep void Ultra Low Volume (ULV) applications follow the manufacturer’s recommendations for proper equipment setup and operation pressures. Place the tip of the applicator or into the crack and crevice to be treated. Apply product in short bursts while keeping tip in position. Allow the air stream to push insecticide deep into voids. Repeat application as necessary to flush insects from voids. Avoid applying to the point of runoff or drip. Ventilate thoroughly before occupants are allowed to re-enter.

LINEAR APPLICATION ALONG BASEBOARDS, TRIM, MOLDING, ETC.: With equipment designed for deep void ULV application, move applicator tip along the crevice to be treated applying a constant burst of insecticide. Move the tip at a steady rate of approximately 1 ft per second. Avoid applying to the point of runoff or drip. Repeat application as necessary to flush insects from the void. Ventilate thoroughly before occupants are allowed to re-enter.

OUTDOOR USE

OUTDOOR GROUND FOGGING APPLICATION: Use diluted to kill flies, mosquitoes and grubs. Dilute concentrate with petroleum distillate at the rate of 1 part concentrate to 2 parts oil and mix well. Use at a time when the temperature is cool (75°F or less) and the wind velocity is approximately 5 MPH.

HANDHELD EQUIPMENT: When using ULV equipment such as Whitmire Micro-Gen equipment, apply at the rate of 4.0 oz per acre. Figure application travel path for a coverage of a 50 ft swath. Allow spray drift to penetrate dense foliage. Repeat application as required for control.

In addition to sites listed on front panel ULD BP-300 Contact Insecticide is acceptable for use in the following sites:

INDOOR:
- Animal Areas & Quarantine Areas
- Auditors
- Bakeries
- Beverage Plants
- Boats
- Bottling Plants
- Brandy Storage Warehouses
- Buildings
- Buses
- Cabins
- Canneries
- Cattle Barns
- Churches
- Closets
- Condominiums
- Communication Centers
- Correctional Facilities
- Dairy & Livestock Barns
- Drainage & Sewers
- Dry Fruit Processing Plants
- Egg Processing Plants
- Feed Mills
- Food Handling Establishments
- Food Processing Plants
- Freight Containers
- Fruit Packing Sheds
- Garages
- Garbage Compactors
- Grain Bins
- Grain Elevators
- Grain Mills
- Grain Handling Equipment
- Granaries
- Homes
- Horse Stables/Barns
- Hospital Warehouses
- Houses
- Industrial Installations
- Institutions
- Laboratories
- Libraries
- Livestock Barns
- Locker Rooms
- Mausoleums
- Meat Packing Plants
- Milk Rooms
- Mists
- Mosquitoes
- Mobile Homes
- Museums
- Mushroom Processing Plants
- Nursing Homes
- Offices
- Passenger Rail Cars
- Peanut Processing Plants
- Peanut Storage Warehouses
- Peaches
- Perishable Warehouses
- Potatoes
- Poultry Houses
- Poultry Processing Plants
- Prisons
- Public Buildings
- Rabbit Processing Plants
- Rabbit Houses
- Railroad Carriages
- Recreational Vehicles
- Research Animal Areas
- Restaurants
- Restrooms
- Rice Mills
- Shoe Shines
- Ships
- Shipyards
- Stabling
- Stable Barns
- Stored Food in Multi-walled Paper or Cloth Bags
- Stored Seed Warehouses
- Streets
- Supermarkets
- Swine Houses
- Tackle Mills & Warehouses
- Theaters
- Tobacco Plants
- Tobacco Warehouses
- Townhouses
- Trains
- Transportation Equipment
- Trucks
- Trucker Trailers
- Utilities
- Utility Rooms
- Vents (Attics, Walls, Ceilings)
- Warehouses
- Waste Storage Warehouses
- Zoos

OUTDOOR:
- Campgrounds
- Condos
- Drive-in Restaurants
- Drive-in Theaters
- Dumper Trucks
- Feedlots
- Garbage Dumps
- Golf Courses
- Jurkneys
- Kennels
- Landscapes
- Lathe Houses
- Marine Files
- Parks
- Plantscapes
- Playgrounds
- Recreation Areas
- Restaurants
- Sewers
- Swimming Pools
- Zoos
